## Our Promise

*We will only sell products that meet our expectations and that we use. Each of the products we have available are carefully picked to offer you the best value, without forfeiting on quality.*

## Cycling helmets available from only £9.99

## Affordable, robust bicycle locks

# BICYCLE RECYCLING

What's better than knowing your unwanted, no longer used bicycle can be refurbished to its optimum potential and returned to the community where it will benefit someone else? Bicycle recycling! In short, it allows people to donate unwanted, no longer loved bicycles, and with the help of volunteers, return them fully refurbished back to the community at low cost.

## Key benefits of bicycle recycling are:

- reducing unnecessary waste whilst realising the ongoing value of used items
- sharing skills and training with volunteers
- applying a structured refurbishment process to ensure all bicycles are robust and enjoyable to ride
- creating a source of affordable bicycles for the community

**What's not to like? It's simple!** Come in today and purchase a fully serviced bicycle with the knowledge that your new bicycle has been brought back to life with the help of our dedicated team of volunteers.

Childrens bicycle.....	From £15
Adults bicycle.....	From £65

**Without your generosity, bicycle recycling wouldn't be possible. Your waste becomes our treasure. Think of the happiness you'd be bringing to someone else's life.**
